**PLEASE NOTE:** If you are presently seeking relief (or have previously been granted relief) under the United States Bankruptcy Code, this statement is being sent to you for informational purposes only. The summaries below are based on the terms of the loan and are provided for informational purposes only.

These amounts are governed by the terms of the loan unless otherwise reduced by an order of the bankruptcy court. Because the amounts billed for the escrow items can change over time, we review the escrow account at least once per year to ensure there will be enough money to make these payments. Once the review is complete, we send the escrow review statement, also known as the escrow account disclosure statement.

Here's what we found:

- **Required Minimum Balance:** The escrow account balance is projected to fall below the required minimum balance. This means there is a **shortage**.
- **Payments:** As of the **July 1, 2020** payment, the contractual portion of the escrow payment **decreases**.

## Projected escrow account activity over the next 12 months

To determine if there will be a shortage or overage in the account, we calculate whether the amount of the lowest projected escrow balance will be greater or less than the required minimum balance. This is determined by subtracting the required minimum balance from the lowest projected balance. If the outcome is positive, there is an overage. If it is negative, there is a shortage. The calculation is below:

Lowest projected escrow balance June, 2021	<b>\$88.76</b>	(Calculated in Part 3 - Escrow account projections table)
Bankruptcy adjustment <sup>‡</sup>	<b>+\$534.17</b>	
Minimum balance for the escrow account <sup>†</sup>	<b>-\$788.20</b>	(Calculated as: \$394.10 X 2 months)
<b>Escrow shortage</b>	<b>-\$165.27</b>	

<sup>†</sup>This adjustment of \$534.17, is the remaining amount of the pre-petition escrow shortage included in our proof of claim being paid through the confirmed bankruptcy plan.

<sup>‡</sup>The minimum balance includes a cash reserve to help cover any increase in taxes and/or insurance. To calculate the cash reserve for the escrow account, we add the yearly escrow payments, and divide by 12. We take this amount and multiply it by 2 as allowed by state laws and/or the mortgage contract to determine the cash reserve.
